

# RESILIENT NJ

## RARITAN RIVER AND BAY COMMUNITIES VISION AND PRIORITIES SURVEY

---

The Resilient NJ project will develop flood risk and resilience solutions for the Raritan River and Bay Communities, which include Perth Amboy, South Amboy, Carteret, Sayreville, South River, Old Bridge, and Woodbridge. The project is funded and spearheaded by NJDEP, and is led by the municipalities and Middlesex County.

Please use this form to provide your feedback about what you value in your community and your vision for your community's future, or any other feedback you may have. We will use this feedback to guide development of an action plan to address flood risks. Thank you for your input!

1. Please provide your zip code: \_\_\_\_\_
2. Where have you recently seen or experienced flooding? Where have you seen flooding in the past? How does flooding impact you?

---

---

---

---

3. What changes in your community do you want to see for yourself and for future generations?

---

---

---

---

4. Has your answer to the previous question changed during the COVID-19 pandemic? What community facilities or resources have you or your family used most or wished were available during the pandemic?

---

---

---

---

5. What community facilities or resources in your community have you or your family used most? What other facilities/resources do you wish were available? For example, specific parks, hospitals, food...

---

---

---

---

6. Is there anything else you would like us to know?

---

---

---

---

7. If you would like to be contacted with information about the project in the future, please provide your contact information below (name, email address):
